**Using Slido Polls on a Mac**
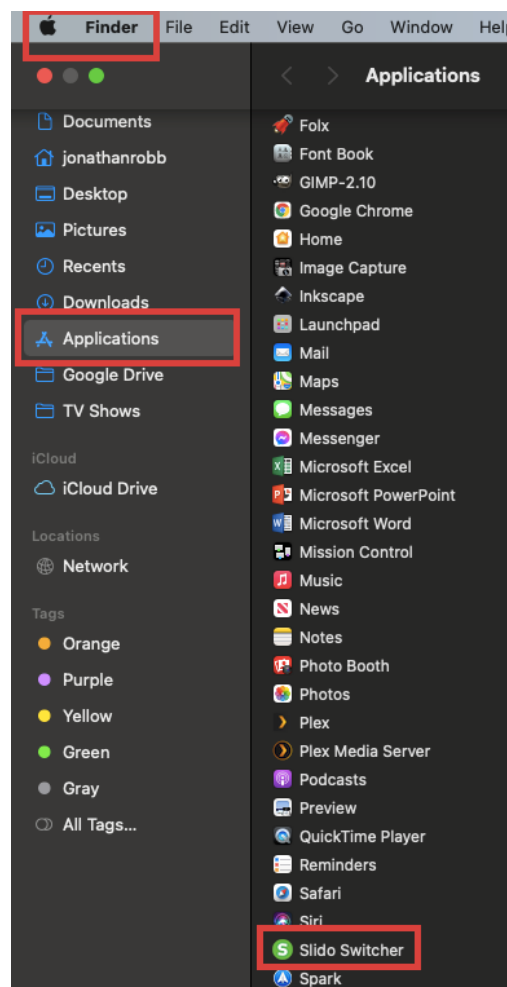

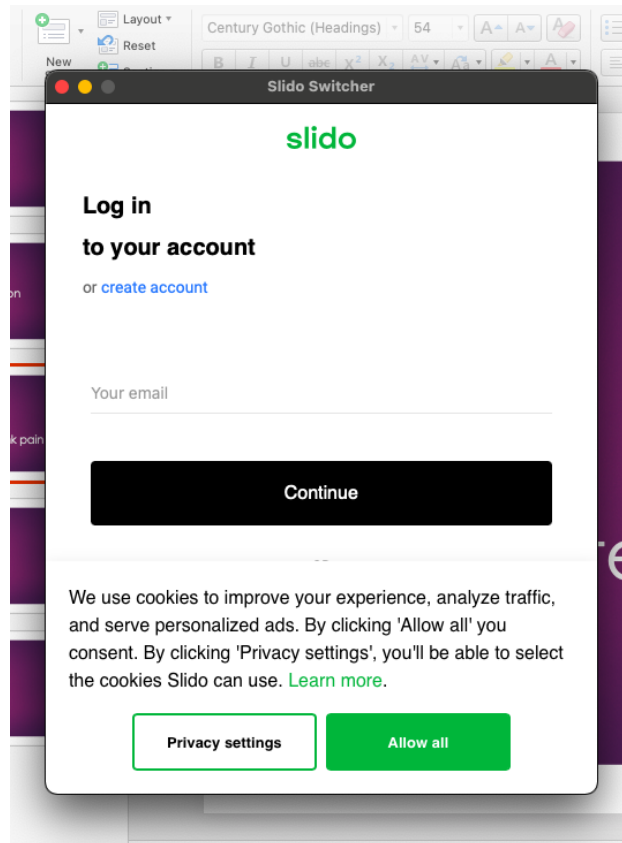

1. First, download and install the Switcher app, making sure to select MacOS, from:
https://www.sli.do/switcher

2. Once installed, go to your applications folder and open the Switcher app

3. When the Switcher app opens, log in to your Slido account

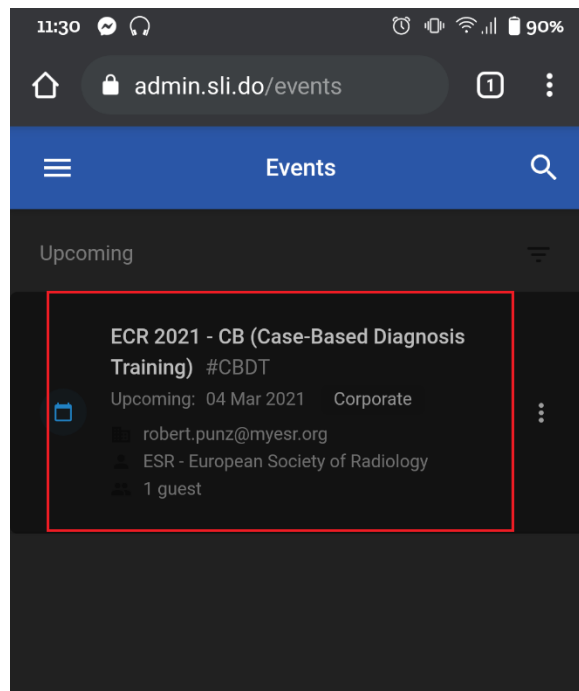

4. Select the correct session

5. When you get to the screen below, you have successfully prepared the switcher

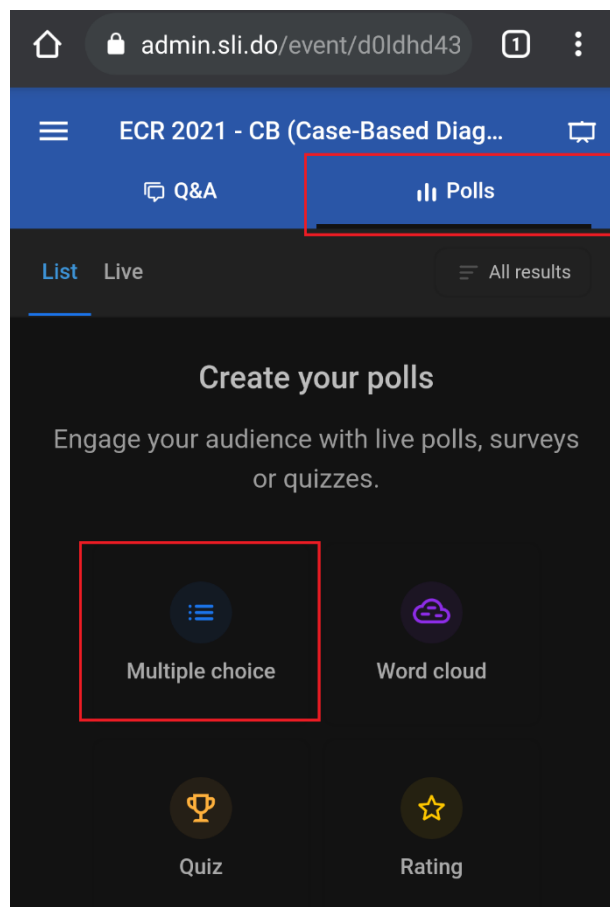

6. Now, on your smart phone, open the following link in your internet browser: https://accounts.sli.do/login, and log in to your Slido account

7. Select the correct session, the same session you selected when setting up the Switcher

8. Then navigate to the Polls tab and select Multiple Choice to enter your first audience question

9. Enter your question and the possible answers, and then select "Mark correct answer"

10. Mark the correct answer by selecting the small tick to the left, and then click Save

11. Repeat this process until you have all the questions prepared for your presentation.
